Note to users: Indexes for the cities of Pittsburgh and St. Louis will no longer be published on a bi-monthly basis after December, 1997. Beginning in 1998 they will be published semi-annually, each January and July.

The 1998 CPI Revision resulted in several improvements to the index effective with the release of data for January 1998. A new set of expenditure weights, using 1993-95 Consumer Expenditure Survey data, replaced the 1982-84 weights previously used in the CPI. The CPI also employs a new geographic sample, a new item structure, and a new variance-based publication system. The Internet web site at <http://stats.bls.gov/cpihome.htm> includes articles on the 1998 CPI Revision from the December 1996 *Monthly Labor Review*. Information on the CPI Revision is available by calling (215) 597-3282.
